REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record does not show a lid assembly for a rotatable atomizer wheel having all of the limitations recited in the independent claim especially a wear ring. Nielsen shows a lid having a portion of the lid extending into the atomizing chamber but does not show this extension as being a separate element nor does the reference disclose this portion as being a wear ring or made out of a wear material. Since there would be no reason to change Neilson lid other than applicant's disclosure, the claims are deemed allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
